

PRODUKTINFORMATION

Geo föddes ur att vi ofta i projekt letat efter pelarbord som är neutrala nog för att passa olika koncept men som samtidigt är en egen gestalt.

Idén bygger på glipan i benet. En detalj som både väcker nyfikenhet och skapar en yta där man delvis kan dölja eluttag eller montera knoppar.

Geos stiliga gestalt antar lätt olika uttryck beroende på färg- och materialval och är något av en kameleont.

Olika storlek på pelaren och bordsskivans form gör att pelaren kan läsas in både som rund och fyrkantig.

En lek med geometri.

Geo är: Ett konferensbord, ståbord, matbord, soffbord, sidobord, det du vill att det skall vara.

TEKNISK INFORMATION

Bordsskivor tillverkas i standardlaminat, högtryckslaminat, desktop linoleum eller ask-, björk-, ek- eller vitlaserat askfanér.

Skivtjocklek 19 eller 23 mm. Fasad kant och andra ytor finns som tillval.

Erbjuds även i 12 mm vit eller svart kompaktlaminat.

Pelarestativet tillverkas i tre olika höjder, vitt, silver eller svart.

PRODUCT INFORMATION

Geo was born from the fact that we often looked for column tables in projects that were neutral enough to fit different concepts but that were also their own shape.

The idea is based on the gap in the leg. A detail that both arouses curiosity and creates a surface where you can partially hide electrical outlets or mount knobs.

Geo's stylish shape easily takes on different expressions depending on the choice of color and material and is something of a chameleon. Different sizes of the column and the shape of the table top mean that the column can be read as both round and square. A play with geometry.

Geo is: A conference table, standing table, dining table, coffee table, side table, whatever you want it to be.

TECHNICAL INFORMATION

The table tops are produced in melamine, high-pressure laminate, furniture linoleum as well as ash, birch, oak or white stained ash veneer.

Table top thickness 19 or 23 mm. Bevelled edge and other surfaces are optional.

Table tops are also available in 12 mm white or black compact laminate.

The pillar stand is manufactured in three different heights.

Choose between white, silver-grey or black.
